TOWN OF LAWRENCEVILLE HYDRANT FLUSHING NOTICE

Water systems include Alberta, Lawrenceville,
and Brunswick County

On Monday, July 30, 2018, the Town of Lawrenceville will begin flushing fire hydrants. Flushing will continue through August 31, 2018, and will be conducted between the hours of 7:30 a. m. to 4:00 p. m. Please be advised that you may experience a drop in water pressure as well as some discoloration of the water during this process. The discoloration of the water is only temporary and does not indicate a problem with the water. If your water does become discolored, turn on an outside faucet to clear the water line before doing any laundry or cleaning. We apologize for any inconvenience this may cause, but flushing is an important part of your system maintenance. Please contact the Lawrenceville Town Office at (434) 848-2414 with any questions or concerns you may have.

Remember, if you experience cloudy water, run only the cold water until your water is clear. **DO NOT RUN YOUR HOT WATER** until the cold water is clear. This will prevent the accumulation of cloudy water within your hot water heater.
